

## Field Trip Permission Form 2010-2011

My child, \_\_\_\_\_, has my permission to leave Montessori Children's House in the cars or buses provided for field trips this school year. I also am aware and give permission for the field trips that are within walking distance of the school. I understand that Texas requires all children ride in a booster seat unless they are 8 years old, or taller than 4'9". If your child doesn't meet this standard he or she must have a booster seat to go on field trips.

If your child does not bring a booster seat to school on the day of the field trip, he or she will not be allowed to leave the school.

Please check below the statements that apply:

my child is allowed to ride in the front seat of the car

my child is not allowed to ride in the front seat of the car

my child must ride in a booster seat that I will provide

I would like to drive on field trips. I can seat  students in my car with seat belts

I am not available to drive on field trips
